

Alliant Energy Center Comprehensive Plan Master Plan Oversight Committee

Progress Report July 2018

July 16th Master Plan Oversight Committee Meeting

Purpose: To share with the Committee outcomes of the June Open House and revised Master Plan concepts and then engage in a discussion around elements of the campus and the facilities that will guide the master planning process.

Work Completed in June/July

- Perkins + Will (P+W) held first Peer Review Panel meeting
- P+W hosted AEC Campus Master Plan Open House June 19th
- Vandewalle & Associates (V&A) and P+W held second City/County Staff meeting to share big picture opportunities for the Destination District and receive feedback on initial AEC Campus Master Plan concepts
- P+W revised master plan concepts based on what they heard at June Committee meeting and Open House
- July newsletter featuring interviews with Mark Clark and Deb Archer sent out

Destination District Vision and Strategy Update

- V&A prepared initial analysis and concept plans for Destination District
- V&A held the first Ad-Hoc Vision Panel Meeting to share and receive feedback on big picture opportunities for the Destination District
- V&A held conversations with various Destination District stakeholders (city environmental engineering, DOT, CrossFit, etc.)

Focus of Work in July/August

- V&A to meet with SMPC to give an overview of feedback received thus far from the June neighborhood meeting and from the Open House
- P+W to begin finalizing plans and conducting quantitative analysis for facility improvements prioritization
- P+W to hold second Users Panel and Peer Review Panel
- V&A to hold third City/County Staff Meeting
- V&A to refine concepts for Destination District
- Work on developing next e-newsletter from Oversight Committee for early August featuring initial campus master plan concepts
